

**Mindfulness in Everyday Life:
16 Guidelines Equine Assisted Learning to Develop Compassion and Wisdom**

The 16G are a set of guidelines being used around the world to bring mindfulness into everyday life. They have been taught to school children, hospital staff, people working in the not-for-profit sector, health, mental health, university settings and in the corporate world. They are a tool to help create a culture of kindness, wisdom and compassion from families to professionals.

This series of workshops is for anyone who is looking for a framework for change and the experiential setting to help shift the way you think, act, relate and create meaning.

<p><i>How we think</i> <i>Humility</i> <i>Patience</i> <i>Contentment</i> <i>Delight</i></p>	<p><i>How we act</i> <i>Kindness</i> <i>Honesty</i> <i>Generosity</i> <i>Right speech</i></p>
